

The Saint Louis Crisis Nursery prevents child abuse and neglect by providing a 24-hour, 365 days/year safe haven for children, birth through age 12, whose families are facing a crisis. We know that parenting is hard, and if the parents do not have support, the children can bear the brunt of parental anger and stress.

The care is free and voluntary and can help a family confronting homelessness, domestic violence, illness, or overwhelming stress. While at the Nursery children receive nutritious meals, snacks, a medical exam, and therapeutic activities.

The Crisis Nursery provides at five sites, serving families in the St. Louis, St. Charles and Southern Illinois areas and surrounding regions. Over the past 31 years, the Crisis Nursery has cared for more than 109,000 children.
